

According to section 1073.1 of the Pennsylvania School Code, Superintendents must be evaluated via an annual performance review using objective performance standards. This evaluation must be posted on the district's website, and the Board of Directors will post the date of assessment and whether or not the District Superintendent has met performance standards.

The Wyoming Valley West Board of Education completed Superintendent Mr. David Tosh's annual performance review using the objective performance standards agreed upon on September 13, 2023. Those goals are published on the District's public website.

Eight of the nine Board Members participated in the evaluation process. The process started on May 8, 2024 and completed on June 25, 2024. The Board is proud to announce that Mr. Tosh achieved a performance level that met or exceeded our expectations.
